Description:

Launch Express, a digital marketing company, is currently interviewing Junior and Mid software developers with full-stack experience developing to join our IT team in Lithuania.

We are a global team made up of talented, detail-oriented, and collaborative professionals from the USA and Lithuania. We are passionate about our work and focused on building the most compelling user experience solutions.

What we offer:

- An attractive compensation plan.
- Flexible working hours.
- Small and highly skilled teams with dedicated mentorship.
- Working with the best clients worldwide.
- Execute projects from ideation to delivery efficiently and at a high level.
- Modern office for working and relaxing.

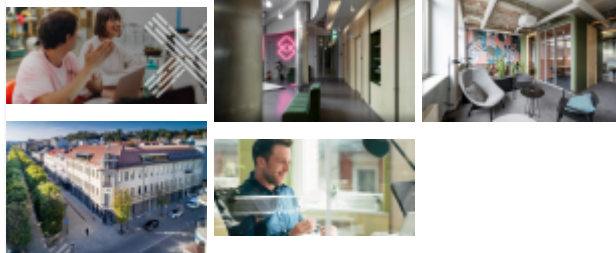

Key skills and experience:

- At least 1+ years of experience in the field.
- Knowledge of web technologies: CSS3 (SASS),

HTML5, JavaScript, VueJS (or any other front-end framework);

- Experience with the PHP programming language;
- Familiar with Laravel or similar frameworks;
- Working Knowledge of the Git versioning system;
- An understanding of database and SQL;
- Knowledge around the creation and maintenance of web services;
- Ability to think analytically.

In addition to specific technical skills, the ideal candidate has previous experience working independently to implement complex business rules and finds inspiration in creatively solving the challenges associated with SAAS and Digital Products.
