Aprašymas:

Nexchange is the planet's easiest solution for cryptocurrency conversion.

We are offering a range of services starting with instant crypto conversion, though merchant integrations and white labels powered by our API, and to our own multi mining pool.

We are looking for a passionate professional to join our team.

We care a lot about PEP8, PEP20, declarative syntax, readable code, CI, scaling, micro-components, automation and testing (last but never least!)

Perks & Benefits:

Personal hardware budget

Annual conference + travelling budget

Standing desk

Lunches

Gym membership

Karting track membership + team race every week

20% remote possible

Reikalinga Patirtis

PROGRAMAVIMAS

JavaScript 2-3 metai

Python 2-3 metai
