Description:

We are looking for an experienced .NET developer who wants to join our team to make a tangible impact on other team members' lives in a positive, collaborative, fast-paced, and fun environment. We believe that only dedicated teamwork, compassion, and ownership of responsibility can bring out the best of people at Horion Digital.

As a company, we have a range of B2B products that are being developed and soon to be launched across different industries like Agriculture, Mining, Finance. At the same time, we work with other startups and well-established brands like P&G to deliver outstanding digital products seen by millions of people.

You will work on a large scale project for our long time USA client. We strive to build products that are delightful, easy to use, and frictionless.

Requirements:

- Experience coding with .NET and C#.
- Knowledge of ASP.NET or ASP.NET MVC.
- Experience working with PostgreSQL and SQL server.

Nice to have:

- Node.JS
- Python
- Azure

What we offer?

- *Young talented team.* Average age of our team is

27.

- Flexible working hours. Our day starts at 10AM and ends at 6PM. But if you have personal matters to attend to, there is no problem.
- *Learning from the best.* You will have opportunity to learn from experienced team members.
- *Team building events.* We like to have fun.
- *Multinational experience.* Most of our clients are from USA, UK, Canada, and Australia. So you will definitely improve your English skills working with us.
- *Modern office.* Our office is located in a brand-new office center ELEVEN in Vilnius.
