Description:

Get ready to

- Develop new and currently running exciting products that will be in hands and screens of millions around the world.
- Showcase your business-driven mindset when looking for solutions.
- Join a team of full-stack (PHP, Laravel, CSS, Bootstrap, jQuery) and React Native developers.

We Expect You To

- Have at least 2 years of experience working with React.
- Have at least 6 months of experience with React Native.
- Have experience working with Redux, Firebase and Typescript.
- Be familiar with Object-oriented programming (OOP) principles.
- Be familiar with iOS and Android development.
- Having experience in native iOS and/or Android development, AWS, and Node.js would be a plus.
- Be results and performance driven.
- Have no fear of failing.
- Be curious and creative.
- Never kill the vibe.

About Us

Talk about perks

- Work hard, party harder. We couldn't handle to party every time we reach our KPIs, so we stick to approximately once per month. On the other hand, our office never runs out of drinks & snacks to party every day – can you handle it?
- Day off cards. The headline says it all. You don't need an explanation if you're having a rough day or had a tough party last night. Though use it with caution!
- Wolt for late workers. Got to stay up late? You deserve to order whatever you want.
- Workation. Bali, Thailand – been there, done that. Currently deciding where to go next, any ideas?
- Gym subscription. We got you covered; just choose a gym!
- Taxi budget. Whether you overslept in the morning or overstayed in the evening, use your personal budget for a cab.
- Fridge full of food. New ideas on the shopping list are always welcome. What's your favorite snack?
- Hot tub. We have a fire-heated hot tub on our terrace to enjoy while waiting for a BBQ to be made.
- Casual perks. Enjoy a starter pack with our merch, monthly office parties, games zone with foosball, PS4 & VR.

You Are Going to Deal With

- Informal communication. We are not a corporate office – we are digital punks
- Many mistakes, though never the same mistake twice. We experiment a lot since no one has ever done what we are doing
- Digital products in the health industry which acquire thousands of daily new customers globally
- Weekly new introductions. Our team grows faster than construction workers are breaking the walls to expand our office
- Feeling excited already? It's our daily emotion.
