Aprašymas:

Currently we are looking for a **Senior .Net Developer** to join our client's Exadel friendly team. In this role you should be able to write functional code with a sharp eye for spotting defects. You should be a team player and excellent communicator. If you are also passionate about the .NET framework, feel free to apply!

About Exadel:

Since 1998 Exadel has been engineering its own software products and custom software for clients of all sizes. Headquartered in Walnut Creek, California, Exadel currently has 1000+ employees in development centers across America, Europe and Asia.

About the Customer:

Do not miss your chance! You will work with the **6th-largest privately owned organization** in the United States. The Customer is one of the "Big Four" accounting organizations and the **largest professional services network in the world** by revenue and number of professionals. The company provides audit, tax, consulting, enterprise risk and financial advisory services with more than 263,900 professionals globally.

Essential knowledge and skills:

- Good knowledge of **.NET framework** (3+ years of experience)

- Knowledge of **C#**
- Hands on experience with **.Net Core 3.1**
- Good verbal and written communication skills
- Hands-on experience with large scale products
- Experience in writing technical design documents

Nice to have:

- Bachelor or Master's degree in computer science, computer engineering, or a related field

English level:

Intermediate

Responsibilities:

- Produce code using .NET languages
- Upgrade, configure and debug existing systems
- Provide technical support
- Work both independently and in close collaboration with others in the team
- Communicate with the Customer on a regular basis

Advantages of working with Exadel:

- Attractive salary — we reward your commitment to our company
- Personal development — we understand that life-long learning is important and support everything that encourages a personal willingness to learn
- Language classes with a native speaker
- Flexible work schedule — a good work-life balance is the most important prerequisite for being creative and productive
- Friendly work environment
- Interesting job in an innovative company with the latest technologies
- Collaboration with a team full of interesting people
